

Young Investigator's Travel Award

Application Form

2012 CNPN Symposium – April 23-25, 2012

MTCC, Toronto, Canada

Travel award for young investigators

A total of 10 travel grants of \$500 each are provided by Genome Canada and Genome BC to allow postdoctoral fellows and research associates of Canadian Universities to attend and present at the Canadian National Proteomics Network (CNPN) annual symposium. No more than one postdoctoral fellow or research associate from a research group may apply. The CNPN Awards Committee will review the submissions received and will notify the award winners by April 1.

Eligibility criteria

- An individual registered in a Canadian University who is a research associate or a postdoctoral fellow that received his/her PhD. in the last five years.
- An individual who registered for the CNPN 2012 Symposium and has submitted an abstract.
- Is not participating to any other awards for this event.
- A member in good standing of the CNPN.

Please note that your membership number together with registration and abstract confirmation number provided on successful submission will be required.

Please **print this page** and complete the information below. Email to **awards@cnpn.ca**.

Deadline is March 16, 2012.
